

Welcome to Mrs. Hamilton's Secondary Math III Class!

This year I am excited to help you learn new and fun approaches to math.

CLASS DESCRIPTION: This year we will be covering: We will be going deeper into previous math topics, including rational and irrational and complex numbers, use the Pythagorean Theorem, find the square root of numbers, evaluate linear equations, simplify polynomials and quotients of monomials, solve inequalities, factor polynomials, and use statistics to solve problems. We will also be focusing on digging deeper into quadratic functions. We will be learning logarithms, trigonometry functions and applying previous concepts to solve complex problems.(And all of this while having fun!!!)

Requirements: I ask that all students put forth their best effort and always come prepared.

- GRADING:
A 93-100
A- 90-92
B+ 87-89
B 83-86
B- 80-82
C+ 77-79
C 73-76
C- 70-72
D+ 67-69
D 63-66
D- 59-62
F 0-58

If you have any questions or concerns at any point please feel free to contact me at Jaime.hamilton@slcschools.org You can also reach me through contacting the school. I will be available to meet with students or parents during the day with an appointment.

Please sign that you received this and return to class.
